ABOUT

Driven, faith-rooted Computer Science student at the University of Lagos with a passion for Cybersecurity and Artificial Intelligence. I believe technology is a tool for meaningful impact — and I am actively building the skills, community, and brand to prove it. Founder of **Simply Aurora**, a personal tech brand and growing community for women in tech. I bring analytical precision from competitive Scrabble and debate, storytelling ability from inter-school writing competitions, and leadership experience as a former Senior Prefect.

EDUCATION

B.Sc. Computer Science

2024 – Present

University of Lagos (UNILAG) — Lagos, Nigeria

- Year 1 — Coursework includes C programming, Visual Basic, algorithms, and discrete mathematics.
- Core interests: Cybersecurity and Artificial Intelligence / Machine Learning.

West African Senior School Certificate (WASSCE)

Completed 2024

Secondary School — Nigeria

- Senior Prefect — led school-wide initiatives, represented student body to faculty and administration.
- Participated in inter-school debate, competitive Scrabble (interhouse medal), and writing competitions.

PROJECTS & INITIATIVES

Simply Aurora — Founder

2024 – Present

Personal Tech Brand & Women-in-Tech Community (In Development)

- Conceptualising a personal tech brand centred on cybersecurity, AI, and community for women in tech.
- Framing the long-term vision as both a personal identity platform and a future startup.
- Building a professional online presence aligned with the Simply Aurora brand across LinkedIn and tech communities.

TECHNICAL SKILLS

Languages

C, Visual Basic (developing: Python)

Areas of Interest

Cybersecurity · Artificial Intelligence & Machine Learning

Tools & Platforms

Git (introductory) · VS Code · Google Workspace

Soft Skills

Leadership · Debate · Research Writing · Public Speaking · Community Building

SCHOLARSHIPS & COMMUNITY APPLICATIONS

Google Career Certificate Scholarship for Women in Tech

2024

Applicant — Google / Partner Organisation

- Essay focused on cybersecurity as a primary goal and AI as a complementary field of study.
- Highlighted Simply Aurora's vision and personal commitment to inclusive tech development.

She Code Africa (SCA)

2024

Applicant — Pan-African Women in Tech Community

- Application positioned Simply Aurora as a brand in development, demonstrating community leadership vision.

- Emphasised dual interests in cybersecurity and AI/ML within the African tech ecosystem.

LEADERSHIP & EXTRACURRICULARS

- **Senior Prefect** — School-wide leadership; liaison between students and administration.
- **Inter-school Debate** — Developed argumentation, research, and public speaking skills.
- **Competitive Scrabble** — Interhouse medal; strategic and lexical precision under pressure.
- **Writing Competitions** — Inter-school participant; strong communicator in technical and creative contexts.
